Do you need a safe???

YES! Everybody should have a safe in their home to protect valuable possessions and impor-

tant documents. Did you know according to the FBI, every 15.4 seconds, a burglary occurs in the

United States? Majority of these home burglaries take place during the daytime when people are away at work or school. Did you also know that the months of July and August have the most burglaries with February having the fewest? Most burglars are looking for items that are small, expensive, and can easily be converted into cash. Favored items include cash, jewelry, guns, watches, drugs, and electronics.
