mantel from Nob Hill. There are several samples on display in our showroom. Stop by and see them, as well as all the other options that are available.

Designer Textures by Rocky Mountain

Since 1994 Rocky Mountain Hardware has handcrafted architectural hardware for their clients. Whether se-

Branch

lecting a product for their main line, or searching for a customized piece, consumers receive more than they expect. They have always offered whatever your heart can imagine, but recently Rocky Mountain has introduced a custom look without the custom prices with their new Designer Textures Col-

lection. This collection includes seven new textures which are available in a variety of applications as well as

Flower

all of the finishes we know and love from Rocky Mountain. Among the new seven textures are: Basic, Branch, Flower, Tide, Tuft, Weave, and Wood. Each is unique

and would be a nice added detail to any escutcheon, rosette, bell button, handrail bracket, among other things.

Basic

Some of these fantastic new pieces will be available for viewing in our showroom soon. Until then, please visit the Rocky Mountain hardware website: www.rockymountainhardware.com and see all of the new options they are offering. If you have any questions please call.

Is Bigger Better?

A trained professional at Nob Hill can assist in guiding your decision on size and function of what safe is right for you. For clients who have larger valuables as well as the traditional smaller ones that they would like to protect, we recommend one of our storage vaults. Select storage vaults from AMSEC offer a lifetime break-in warranty, an attempted break-in warranty, and a fire warranty. They come with commercial grade adjustable ball bearing

hinges. Dual fire seals, and a mas-

Storage Vault

sive hard plate along with two relocking devices. They are available in a variety of sizes and colors, as well as numerous interior configurations. The vaults also have both fire and burglary ratings to protect important possessions and documents. They are on display now in our showroom so stop in and see for your self the many options available. There is about to be one that fits your security needs.
