Vicenza's philosophy of creating decorative hardware is to infuse the concept of jew-

elry with a variety of metals and colors. The result is a refreshing and distinctive line of hardware, or rather "cabinet jewelry", that has never been offered before. This unique decorative hardware is inspired by old-world craftsmanship and each of the solid pewter pieces is handcrafted in the U.S.A. by master craftsmen specifically

for each order. Every piece will embody subtle differences which is the result of each step of the manufacturing process being performed by hand, using centuries old

craftsmanship and unique designs blend together to make Vicenza a great choice for your personal hardware statement. They offer hundreds of designs ranging from the whimsical to the classically elegant.
